Hi Gina!

Ok, glad to see our brains have synced, this was on my list for this morning to see what our plan was on putting these out. If you have the version Joan wanted to send last night (if there was one), please send it my way and cc Lisa, Kathie and Luke. We will regroup on these this morning and figure it out. Plan to put out an IAP this today too, taking it over from locals. Thanks for sending previous IAP. Chris and Phillip got our new location up and running last night, first meeting at 7. So things are coming together. Take care, Dee

Hey Dee, so I know you all are cranking to get set up down there but...  
If you can, give some thought to how to deal w SitReps. Joan wanted to put one out tonight but it was 5pm and would need to go thru field and EOC review. Thus we told her we'd draft one to send to you guys to look at w hope of finalizing early tomorrow (tried to explain to her they were for doc'ing what we've already done, etc). Anyway, want to push this to field but not sure how much pressure we'll get tomorrow...?? Get some good rest for the sprint :) g

>

> Sarah Hulstein (SitUnit in the EOC with me, she's new, say hello) and I made an attempt at a draft...new info is highlighted yellow and there a couple of spots we need to check BUT if you'd like, you can take a look and provide changes back to us for subsequent routing here. OR if you all are ready to handle this from Durango, that is cool, just let us know.
